Terms of Accreditation

Accreditation is personal and non-transferable, it authorizes utilization of working space in one of the allocated areas. The application can be declined by the organization without indication of reasons.

All Media Representatives commit to

- objective and un-biased coverage and reporting and respecting the Press Code
- carrying the Press Accreditation with them visibly and at all times
- only enter authorized areas and to only use infrastructure that the accreditation authorizes them to
- not to disturb the course of the event
- follow the rules given by organizers, security services and, if applicable, the host
- respect the smoking-ban at the venue
- wear the yellow media jacket on the competition and the competition field and return it to the organizing committee after the event
- neither take pictures nor capture videos inside the Swiss Paraplegic Center (SPC) to fully protect the privacy of the patients

Press Photographers especially commit to

- staying within the allocated Photography Areas and to place required equipment in a manner avoiding any damage or hazard to other people

The application has to be with the organizers at least **three working days** before the start of the event. After your application has been approved by the organizers you will receive confirmation of the accreditation by email. On presentation of your confirmation as well as your ID, you will receive your accreditation card at the accreditation-counter.

Failure to comply with the above guidelines and specifications will cause the revocation of the accreditation and the media representative to be expelled from the venue/event. In that case the organizers explicitly reserve the right to take further steps (i.e. future declination of applications, compensation claims).

The organization and its assistants are excluded from general liability for damage of Media property unless there is proof of culpable negligence.
